Dear Mr. Weisberg:

I've enclosed copies of three issues of our paper which may be of some interest to you. Two carry our interview with James Lesar, and another has the story of a televised discussion of the King case by David Wrone.

We will also be using material obtained in our talk with you, the most authoritative source on the case, in our coverage of efforts to learn and tell the truth about the slaying of Dr. King.

Thanks again for your invaluable help.

Sincerely,

Dan Carpenter
